

I Rest My Case

The tears you cried the lies you lied in my face
The things you said you never had such disgrace
You took it all and had to fall there is no place
Where you can hide your foolish pride

I rest my case

I rest my case

Your friends are gone you're really done there are no ways
To turn it back and pay the check you lost this race
Not even weird you disappeared without a trace
You're so vain and still insane

I rest my case

I rest my case

Your promises and willingness an empty phrase
Your attitude was proud and such a cold embrace
You'll always be a refugee till the end of our days
I'm off the hook I closed the book

I rest my case

I rest my case
